

CSCI-21 Introductory survey (PLEASE PRINT!). I am expecting SHORT answers...

Your full name _____

Format: last – comma – first. (Please - **exactly as shown on school records**. I use this for attendance.)

Last four digits only of your student ID W number _____

(Y/N only) Are you enrolled in the class? _____ If not, are you on the waitlist? _____

Are you a Computer Science, Computer Engineering or Electrical Engineering major? _____
If not, what is your major, or are you undeclared or undecided?

When did you take CSCI-14? Or, if you took a different introductory CS programming course, tell me when, where and the programming language used in the class. Grade? **If that language was not C or C++, tell me, and also email me after class.**

If you took CSCI-14 several semesters ago, have you taken CSCI-15 or -20? If so, when? Grade?

What was your highest math class (by name, not number)? Taken when and where? Grade?

Why are you taking this course?

Which other courses are you taking? List them (by name) along with their credit units. If you are not taking the class at Chabot College, where are you taking it?

Are you working? If so, how many hours per week?
